

GS-24R, 26R, 37R

Professional Night Vision Riflescopes feature precise high magnification optical system incorporated into durable, light weighted housings. With guaranteed zero retention on heavy caliber weapons these are the systems of choice among Military and Law Enforcement Personnel. To ensure unbeatable performance we install the only High Grade Image Intensifier Tubes: Gen. 2+, SuperGen, XD-4™, or XR-5™. **GS-24R, 26R** and **37R** are weather resistant and waterproof Night Vision Optical Electronic Devices!

TECHNICAL CHARACTERISTICS:

- Magnification 4x (6X)
- Lens System f1,5/100m (f1,5/165mm)
- Field of View 10° (8°)
- Very sensitive to the Infrared
- Resolution: 45-73 lp/mm
- Signal-To-Noise Ratio: 14-28
- Range of Focus 30 ft. to infinity
- Diopter Adjustment +5 to -5
- Weather Resistant
- Waterproof
- Built-in IR Illuminator: Yes
- Battery Type: 2 pcs. AA
- Batteries Life: 60 hours
- Dimensions 8 (12) x 4 x 4.5 in.
- Weight 2 lb
- Operating Temp. -40°C to +50°C
- Weaver mount included

GS-24R

GS-26R

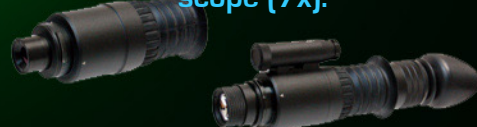

Day/Night Vision Rifle scope GS-37R has very unique feature: it's design allows to use this rifle scope during the day and at night without losing zero. No special knowledge, tool and time is required to transfer the scope from day to the night operating mode. It can be done within seconds by simple interchanging of the "day module eyepiece" with the "night module eyepiece".

GS-37R it is three (3!!!) devices in one:

1-Day time rifle scope (7x).

3-Hand-held Night Vision monocular.

2-Night vision rifle scope (4x).
